DETAILED ACTION

1. This communication is in response to amendment filed 1/12/06.

Response to Amendment

2. Claims 1-10 have been canceled and claims 11-13 have been amended per request.
3. Claims 11-13 are pending.

Claim objection – Minor Informality

4. Each of the pending claims recite limitation “obtaining, at said computer processor...the value of the financial instrument by applying..” or equivalent thereof. The examiner suggests that this limitation be amended to read: “determining by said computer processor..” or equivalent because obtaining at the processor certain parameter does not necessarily mean that the parameter is determined by the processor.

Claim Rejections - 35 USC § 112

4. Claims 11-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 11-13 recite limitation “standard deviation of the natural logarithm of weather condition relatives called for in the financial instrument” (see, e.g. claim 11 step (4)). There is no antecedent basis for this limitation in the claim(s) as now amended.

Appropriate correction is required.

Allowable Subject Matter

5. Claims 11-13 are allowable subject to aforementioned deficiencies and minor informality.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
